Re: United States v. Leland Robinson
Case No. 7:20-cr-00448-KMK-1

Dear Judge Karas:

Mr. Robinson has requested that we purchase a book for him "Turning Points at Trial" which on Amazon lists for \$69.95. After conferring with the CJA clerk she informed us that we would need a Court Order from Your Honor in order to proceed and the book must be returned to Allan Nelson at the completion of his case.

Thank you in advance for your decision.

Respectfully submitted,
